### AWE-INSPIRING VIEWS

Carved into the rugged Caldera cliffs of Oia, all of Mystique's 40 suites and villas boast panoramic sea views across to the active volcano that has shaped the exceptional island of Santorini.

### CAPTIVATING ROMANCE

Mystique is the ultimate destination for honeymoons and romantic escapes.

The hotel's stunning wedding pavilion is the ideal location to organize the most special day of your life, while overlooking the ocean.

### INFINITY-EDGE POOL

Perched on the volcanic cliff above the Aegean waters, Mystique's two pools, one of them infinity-edge, offer breathtaking views to the Caldera.

With sunbeds and Aura Bar by the one pool and Captain's Lounge by the other, they are the perfect spots for Santorini to show its magic.

### NATURAL BESPOKE DESIGN

Designed to generate space and light into each cave-style suite, interiors are a combination of traditional regional charm and natural untamed materials, with a contemporary twist and up-to-the-minute technology.

### HOLISTIC VILLA

Launching this spring, the Holistic Villa is Mystique's brand new villa category. Located at the highest point of the hotel, it features a spacious living area, and two cave-style bedrooms with en-suite bathrooms. The villa's private outdoor space is complete with an outdoor Jacuzzi and an infinity pool.
