MORE QUESTIONS ABOUT pin SIGHT:

Q : WHY DOESN'T pinSIGHT SHOW THE SAME ROOM DESCRIPTIONS AS THE HOTEL AN WHY CAN'T I FIND THE ROOM MY CUSTOMER WANTS ON pinSIGHT?

A: pinSIGHT enables you to see rooms, rates and amenities from multiple suppliers. This ensures that you have access to some of the most competitive pricing and policies in the market. Since these suppliers control their own inventory we don't have access to update their room type descriptions.

This means that what is listed on pinSIGHT does not always match the hotels description or may not be as descriptive as you may like. Some items to note: If the room description lists something generic such as "Standard Double" this does not mean there are 2 double beds, it only means the room is a standard room that will sleep 2 but there is no guarantee on what the bedding will be.

If you need a room that has 2 beds please look for a description that specifies 2 double beds in the rate description. ROH means Run of House which is an industry term means the guest will be assigned whatever room is available at time of check in. If your customer is asking for a room type that does not appear on pinSIGHT it means the hotel has not given any inventory to our suppliers to sell. All the inventory we have access through our suppliers will display when you do a search, if the room you are looking for does not display, pinSIGHT does not have access to it for the dates you are searching.

Q : CAN I USE A FOREIGN CREDIT CARD TO BOOK A RESERVATION ON pinSIGHT?

A: pinSIGHT only accepts North American (USA / Canada) credit cards for our pre-paid Friends & Family, Flex Markup and 15% Commission rates. Foreign cards can be used when booking an Expedia or GDS rate only.
